

News

Our new website is now available, www.slimbridgedowsers.group. Peter Golding has informed us that he will no longer be supporting his website www.petergolding.net. His books are still available from regular suppliers.

Membership

Membership fees will remain at £10 for 2025 and we hope as many of you as possible will join our dowsing community this year. Membership forms are available from members of the committee.

Library / Resources

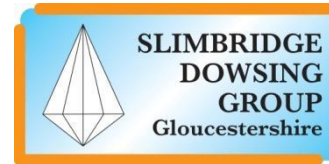

Whilst SDG Talks were being held at Frampton Village Hall, I was not able to have all the books there, because we were not able to store the Portable Library Cupboard, there. So, I had to transport a small number from my home to the Hall. Not having the cupboard, there, I had to lay the books out on tables, and some I propped up on the dado rail that was behind those tables. That layout gave the advantage of improved visibility. I also experimented with positioning the books in subject groups: Dowsing knowledge / tuition / Charts, Dowsers' Biographies, Spiritual Dowsing, Archaeology Dowsing and sites, Other Energies (including astrology and crystals). There was good feedback about the layouts. Therefore, when we return to having talks at Whitminster Village Hall, in December, 2024, it is proposed that the same layouts be tried, there, including with the rest of the SDG Library's contents. The Library's Catalogue Ring Binder has a list of its contents on the outside of the Ring Binder.

Happy reading and learning wished for you all in 2025.

January - March 2025

Chairperson's Message

Merry Solstice to all our members and friends. That time of fireside chats and shared feasting is with us again, with an opportunity to review the previous year and look ahead at what's to come in 2025. Winter is a chilly time, making us value our sharing community all the more, and we thank you all for your support and fellowship.

In the last quarter we enjoyed several interesting talks. Rosanne Jacks took us on an exploration into the world of our dreams. This was followed by a special supernatural tour of the ghosts of Gloucester, with 'The Ghost Lady', Lyn Cindery. Adrian-Inclendon Webber took us through keeping our houses and ourselves cleansed – not from grubbiness, but from detrimental energies!. This was a very well-attended talk, and we all went on our way feeling much better for a general cleanse by Adrian.

Our special evening event, hosting Prof. Ronald Hutton on the subject of "Village Magic and Witchcraft" was very popular. Ronald spoke to a packed house - wine, refreshments and books were available, catering to physical and mental enjoyment!

Our events list for the **entire** coming year has now been booked and dates and venues can be noted from the short form insert with this Newsletter. More information can be found on our new website www.slimbridgedowsers.group.

I would like to take this opportunity to express heartfelt thanks to you all and especially to our dynamic and dedicated committee, without whom none of this would have come to pass.

Solstice Blessings, Teresa

January Programme

January 11th. 10:30 - 12:00. Frampton on Severn Village Hall. GL2 7EA
Malcolm White. Exploring Mysteries with the Tarot.

Revealing hidden histories and mysteries of people, ancient places, animals, strange phenomena and world situations and more, on a journey with Tarot and divination cards, a presentation by Malcolm White.

Malcolm will demonstrate the effectiveness of Tarot and divination cards as a serious and valid method of exploring answers to topics of interest. From the ancient past to the modern world and all things of a mysterious nature, rather than just the traditional personal readings that people are more familiar with. No knowledge of the cards is required by attendees for this presentation. He will show methods and approaches through examples of his readings since the start of his journey into reading the cards.

Among many to be discussed are readings on, animals, trees, homes, structures, environments, individual motivations, strange, supernatural and unusual phenomena and our own personal experiences of it. Historical events, buying a car, national, world and political events, celebrities and well known persons. Checking on the progress of deceased loved ones in spirit and what to do when spirit beings want to connect through the cards.

Malcolm will also discuss his fascination and connection with the ancient world, the land, standing stones, burial mounds, hill forts, spring wells and holy places. How using the cards can help reveal, understand and communicate with these places, their histories, stories purpose and importantly their energies and how many suffered in the past, their struggles and how they tell of a greater future. Malcolm hopes to encourage and inspire others to go off and do their own readings of these amazing places!

February Programme

February 8th. 10:30-12:00. Whitminster Village Hall. GL2 7NN.
The Sacred Science of LifeForce with Mark Lieb.

Traditional cultures lived in harmony with the Earth and innately recognised all life to be sacred.

They discovered fields of 'subtle' energy permeating nature and developed methods to utilise this 'LifeForce' for healing, wellness and spiritual practises.

In this talk Mark will explain the science, principles and applications of LifeForce. Mark will show how LifeForce can be utilised to enhance plant growth, to protect against harmful frequencies, to establish balance within the landscape and to create places to connect with higher aspects of consciousness.

Mark is the founder of Sacred Design Studio that specialises in high frequency, nature-based environments that optimise LifeForce, wellness and spiritual connection.

He designs innovative healing sanctuaries, holistic interiors and meditation gardens that unite harmonic frequencies, sacred geometry, earth energies and geobiology.

March Programme

March 8th. 10:30-12:00. Whitminster Village Hall. GL2 7NN.
The Bards of Avalon - The Alchemy of Sound and Dowsing.

Dowsing and working with Earth energies have been a key part of Bea and David's journey with sound over the past two decades. They have found that working with sound and intention can create extraordinary outcomes and dowsing can be used to measure those changes.

In this presentation Bea and David will share experiences of dowsing and collaborating with dowsers in their sound work.

They will also weave in some live music to

honour the Spirit of the Land and all present.

Bea and David are sound alchemists, working full-time with sound therapy since 2010 as Bards of Avalon. Their album, "The Archangel Transmissions" was critically acclaimed by both Kindred Spirit and Paradigm Shift magazines. They are also contributing authors to four of the Bounce Back Journey books which became Amazon best sellers.
