## Slimbridge Dowsing Group

*Founded by Peter Golding*

*Affiliated with the British Society of Dowsers*

**Issue 72**

**January-March 2026**

### **Chairperson's Message**

The Midwinter Solstice, falling on 21<sup>st</sup> of December, heralds rebirth, but also reminds us of the importance of warmth and festivity, which we hope to share with our members and friends. Please come to our AGM on Saturday December 13<sup>th</sup>, to help usher Slimbridge Dowsers into a new phase, as well as celebrating with us at the end of another successful year (it is free to attend the AGM). There will be festive nibbles, the usual election formalities and then a talk on Woodchester Park, provided by Barry Goldring, who has been a valued member of the group for many years. After this, some of us will be having a seasonal lunch at the Fromebridge. Advance booking is essential. There are a few places left so please contact me by text or email.

Looking back at the past quarter, we've enjoyed several interesting talks. In September, Summer Watson gave a fascinating account of 'Strange Experiences in Dowsing', drawing us close to the Otherworld. The September evening event with Adrian Incledon-Webber proved just as inspiring as we all hoped, with a special mixture of spirituality and pragmatism applied to healing the earth. In October Mark Lieb brought us the secrets of the Master Builders, a 1000 year old esoteric design science, followed in November by Nancy Bottura's talk on Animal Healing. Many of us felt that the loving energy engendered at this talk was very important for SDG, hopefully taking us to a new level. This was followed by lunch at what we hope will be our new 'watering hole', the George (on the A38 in Cambridge) - another encouraging departure!

And now into 2026. As always, full details can be found on our website, printed newsletter or by asking any committee member. Thanks very much for your continued support. We aim to provide an interesting and varied programme, but we are always open to suggestions, so please text me on 07833752173, or email [teresadellbridge@gmail.com](mailto:teresadellbridge@gmail.com). I'm always delighted to receive suggestions.

*Yuletide blessings*

## March Programme

**March 14th. 10:30-12:00. Whitminster Village Hall. GL2 7NN.**

**Emma Fitchett (Farrell) MSc. Poisonous Plant Spirits of the Dark Goddess.**

Beneath the hedgerows, along the liminal edges and hidden in plain sight are the banes of the plant world.

These are the plants which carry elements of danger and are feared for their toxicity and their malefic magick.

Historical accounts and legend speak of cursing, poisoning and evil witchcraft yet behind these tales reside benevolent plant spirits with much to teach.

These are the initiators, the guardians at the threshold and the dwellers of the Underworld. These are the dark aspects of the Goddess, offering her true wisdom of transformation.

In this enchanting session, Emma will introduce you to some of our common poisonous plants and share her experience of working co-creatively and journeying with them.

About Emma.

Emma Fitchett MSc is a plant spirit healer, shamanic teacher and author.

Her lifelong pursuit of self-mastery and inner transformation is fuelled by a fascination with the nature of reality and consciousness and has led her to studying a Master's Degree in 'The Preservation & Development Of Wisdom Culture & The Art Of Liberation' in the Tibetan Buddhist Mahayana Tradition, writing her thesis on 'Understanding The Nature Of The Self Through Lucid Dreaming'.

She has also been initiated into and trained in indigenous healing and magical lineages of the British Isles and the Ecuadorian Amazon, is a Yew Mysteries initiate and holds the lineage of the White Serpent.

She is a Geomancer, Pranic Healer, Psychic Surgeon and entity removal specialist.

Emma has been undertaking plant initiations for 12 years.

She also runs the Plant Consciousness Apothecary, a Remote Healing Practice and is the author of Journeys with Plant Spirits published by Bear & Co.

**March 26th. Special Evening Event. 7:30 to 10:00pm.**

**Venue Whitminster Village Hall. GL2 7NN.**

**The Bards of Avalon - Sound Bath.**

Join Bea Martin and David Johnson of Bards of Avalon as they combine vocal harmonies with the sounds of Himalayan Bowls, Gongs, Koshi chimes and other sound treasures to create an uplifting soundscape which enhances your health and wellbeing.

Bea and David have found that using sound with intention can create potent, positive change, so they will invite you to have a personal intention for the

sound bath. They will then create a sound journey which supports your intention.

During a sound bath, you can lie down or sit, fully clothed. All you need to do is bathe in the sound waves. Consistent feedback shows that participants leave deeply relaxed and energised with reduced pain and much improved sleep.

***"Their sound baths always leave a sense of peace and relaxation, and their voices are amazing. A pure joy to the ears."***

Bring whatever you need to be comfortable - something to sit or lie on, a pillow or cushion, blanket and some drinking water.

Contraindications - not suitable for women in the first trimester of pregnancy or if you suffer from epilepsy, seizures, severe mental health challenges or have metal plates in your body. Please note that this is a complementary therapy and should not be used as a substitute for seeking medical advice or attention.

A memorial to Peter Golding has been placed in Slimbridge Village Hall, it portrays a hand, made of wire, holding a crystal pendulum.
